Major, James S. Hull; Quartermaster, Frank Riddle; Sutler, --- Christy.

Lieutenant Colonel Gazley has been the commandant of the camp ever since it was established, and by his energy and effciency has shown himself worthy of the position he has received. Major Hull is the present Senator from Ripley county, and will, with experience, make a good officer.

Col. Milroy with his regiment, the 7th, left Webster, Virginia, the terminus of the Balti more and Obio railroad, in the march to reinforce Gen. Revnolds, on the 16th inst., and Col. General Love is meeting with marked success in the organization of the Indiana Le gion-Home Guard Companies and regiments on the Ohio River border. He has held several meetings at Evansville and other places, and placed the work in a forward state of progress. We noticed the other day the shipment of cannon and muskets to that portion of the State. An additional shipment of 500 Springfield rifles has been made-enough to completely arm five full companies, or half a regiment. These guns have been distributed in Posey, Vanderburgh and Warrick counties. Others will be sent shortly

The Indianapolis Journal, of yesterday says; The surgeons of the 11th regiment having failed to attend to their official duties. Col. Wallace vesterday made a requisition on the Governor for medical assistance. He has some sixty members of his regiment sick at Paducah and needing the attention of physicians. In response to Col. Wallace's request for hospital aid, Dr. Clay Brown, of this city, has been dispatched to Paducah to take charge of the sick members of the 11th regiment. The selection is a good one .-Few physicians are better qualified for such a position than Dr. Brown.

The Governor has contracted with parties in the Ohio River towns of the State for the manufacture and complete equipment of six batteries of artillery, including the guns, carriages, caissons, wagons and everything percesary. The batteries will be complete specimens of Hoosier manufacture in the line of warlike implements.

The 24th Indiana Regiment, Col Hovey, and the 26th, Wheatley, were ordered, a few days since, from St. Louis to Washington, and one regiment was in the cars this side of the Mississippi ready to move. The order was afterwards conntermanded, and the two regiments sent to Lexington, Missouri

DEARNSTOWN, MD., Sept. 18 .- It was understood to day that Gen. McClellan would arrive here to morrow, on his way to review the army of the Upper Potemac.

On Saturday last a scouting party crossed the Potomac at the mouth of Senaca creek, and penetrated the country in the vicinity of Leesburg. They saw three regiments of Infantry drilling on the Leesburg Fair ground. The three regiments, they were informed by a negro, were Mississipians, while a fourth regiment from that State had mutinied and

Information has also been derived that there were other large bodies of rebels in that section, and if Salt, Coffee, &c., were not shortly received, general distress would ensue, both to the army and families. The scouts saw not a living being except the negro in the country.

The wheat had been harvested but the corn fields were drving up. From the best information obtained there is little doubt that Gen. Johnstons army, now apparently moving in detail from opposite ashington towards this section, fully reachif it does not exceed, the highest estimate given by rumor. Neither is it impossible that Johnson will endeavor to cross the Potomac in neighborhood of the Monocaey with a view of attempting to reach Frederick, to protect the Legislature while they pass the dinance of secession, trusting to the well known secession sentiment in Baltimore and the lower counties of Maryland, to raise the standard of rebellion, and divide and weaken the Union army. Either this movement or an abrupt abandonment of the whole line of the Potomac appears inevitable.

Upon inquiry at the head-quarters of the Army of the potomas, I have ascertained, positively, that nor orders, general or special, have yet been issued by Gen. McClellan relative to fugitive slaves. Sr. Louis, Sept. 19th .- The 39th Ohio regiment, Col. Groesbeck, Lieut. Col. Scott, and the 16th Illinois regiment. Col. Smith, with a force of Missouri State malitia, and Iowa State troops, under Cols. Craynor and Edwards, three hundred regular and friegular cavalry, and six pieces of artillery under Capt. Madison, left St. Joseph and Chillico-the in two columns, on Sanday, and were expected to reach Lexington vesterday, to re-

nforce Col. Mulligan.
The reason why Gen. Pope did not sur prise, rout or capture Martin Green's band of rebels, on Sunday night the 12th inst., is explained as follows:

Pope was at Hunnewell on Saturday, with 800 men, and knowing Green was encamped in the neighborhood of Florida, he determined to make a night march and surprise bim but learning that the latter had 3,500 men, he sent an engine, at noon, to Shelbina, eight miles west, with dorders to Gen. Hurlburt to send down, immediately, 500 men to rein force him-his force being too small to attack such superior numbers. But in consequence of gross mismanagement on the part of Hurlburt, the troops from Shelbina, which should have reached Huunewell at 3 o'clock. did not arrive until 11 o'clock, P. M., when it was too late to start on the expedition that

Another attack was planned for the next night, however, and Pope marched his 1,400 men twenty four miles, over a broken and almost roadless country, and resched Green's camp early on Monday moaning, to find it deserted. Green having been apprised of Pope's design, fled, and his men being mounted, they could not be overtaken by infantry. Pope had no cavalry.

There are now no armed bands of rebels in the counties north of the Hannibal & St. Joe R. R., and but few between it and the

Missouri river. About 5,000 Home Guards are in the Northern part of the State, and it is understood that Pope has effected arrangement for the thorough organization of the Union men of that region, who are abundantly able and willing to preserve peace if arms are furnishedthem, which it is said will be done.

It is now confident y ladieved that no more lawlessness will be heard of in north Miss-In addition to putting Gen. Hurlburt and Col. Williams under arrest for drunkenness.

Gen. Pope ardered the arrest of Lieut. Col. Blair, of the 2d Kansas reg a, for mutinous conduct at Shelbina, in threntening to with draw his command, if Col. Williams dersisted in fighting when attacked at that place by Martin Green.

In a letter to the Republican, this morn Col. Blair states that he never asked a favor a contract, or an appointment from General Fremont, which was not granted. Their ditficulties are not of a private nature, but relate to charges made against Fremont for his conduct of the campaign.
